

# Northwestern Research Safety Presents:

## Viral Vector Safety Seminar: Virus-based Gene Transfer Vectors

presented by

Dr. Patrick Condreay from Duke University

Wednesday, March 20, 2024

9:00 a.m.-10:30 a.m.

Robert H. Lurie Medical Research Center

Baldwin Auditorium

303 E. Superior, Chicago, IL 60611

### Presenter information:

Dr. Patrick Condreay is the Safety Manager at the Human Vaccine Institute in the Duke University School of Medicine, which includes the Duke Regional Biocontainment Laboratory that houses BSL3 and ABSL3 laboratories. Prior to joining Duke, he was a biological safety consultant providing program management and training solutions for clients in academia, government, and industry. Before pursuing biological safety full-time, Dr. Condreay had a 28-year career as a pharmaceutical R&D scientist with GlaxoSmithKline working with a variety of pathogenic viruses and recombinant viral vector systems. Dr. Condreay has been involved in training and education efforts in biological safety for over 20 years.

**REGISTRATION REQUIRED** by March 8, 2024. [Click here to register.](#)

Light refreshments will be served.
